The City of Coalinga (City) is proposing the design, construction, and operation of portions of three segments—Segments 3, 4, and 9—of the City’s planned 8.8-mile perimeter trail and spur system identified in the City’s Trails Master Plan (TMP) using Active Transportation Program (ATP) funding (proposed project). The proposed project would develop approximately 4,600 linear feet (0.87 mile) of a multi-use (vehicle-separated) loop-and-spur Class I bicycle/pedestrian trail in the city of Coalinga, Fresno County, California. Segment 3 would be located within an undeveloped former railroad corridor between East Walnut Avenue and East Cherry Lane, Segment 4 would be located within an undeveloped former railroad corridor between East Cherry Lane and South First Street, and Segment 9 would be located within an undeveloped property, connecting the intersection of Elm and Lucille Avenues to the west and the intersection of Pacific and Forest Streets to the east. The trails would be comprised of 10-foot-wide paved asphalt between 2 and 4 feet of decomposed granite shoulders. Trail segments would be constructed in north Coalinga from the City’s Sports Complex east to a former rail line terminating downtown at First Street and between Elm and Forest Avenues (south).

All interested persons are invited to appear at the time and place specified above to give testimony regarding the proposed action(s) listed above.
